

Web based learning programs

Below is a list of the programs, videos and online courses that have been offered to our Doctors by our vendor partners for their use during this very trying time for all of us.

Please review the titles below and, if interested in viewing the program, please CTRL+click on the title. This will redirect you to the linked program. Some of these programs do award CE credits, some do not.

Thank you for your on going commitment to patient care. Please feel free to contact me via email at mharunani@midwest-dental.com or on my cell at (815) 222-7228 if you have questions about accessing these programs.

DR. Mohamed Harunani

VIVA LEARNING

<https://vivalearning.com/> -. The Viva Learning library includes on demand webinars, videos and other presentations on every dental topic imaginable. If you have any issues whatsoever, please let me know and I will get you connected to their leadership team to get the problem solved.

Free Live Dental Webinars = some examples are:

- [COVID-19 and other Respiratory Viruses: What Every Dental Practice Needs to Know by Mary Govoni, CDA, RDA, RDH, MBA](#)
- [The Provisional is the Problem! By Dr. Joshua Austin](#)
- [Current State-of-the-Art in Universal Adhesives by Dr. Rolando Nunez](#)
- [Maximizing Your Patient's Comfort - Top 10 Game Changers for 2020 by Dr. Tanya Brown](#)

Pre-recorded programs – some examples are:

- [The Intersection of Esthetics, Ease and Biocompatibility: Presenting Omni-chromatic, Single-shade, nano-Ormocer Restorations](#) By Dr. Jose-Luis Ruiz
- [Validation in Instrument Reprocessing: Because "Partially Sterile" is NOT an Option](#) By Dr. Marie Fluent
- [Biomimicry Part II: The Evolution of Truly Restorative Dentistry Continues](#)
By Dr. Howard Glazer

SYBRON ENDO (KAVO/KERR)

- [Advance Your Endo with Apical Negative Pressure Irrigation](#) by Dr Brett Gilbert
- [Leveraging Advances in Restorative Dentistry](#) by Dr. Scott Coleman
- [Sealing the Root Canal System: The Continuous Wave of Condensation](#) by Gary Glassman
- [Classroom Superior Root Canal Disinfection Leading To Increased Endodontic Success](#) by Garry Bey
- [Which Tooth Is It? Endo Case Selection & Treatment Planning](#) by John Olmsted
- [Improving Endodontic Outcomes Using the Continuous Wave of Obturation Technique](#) by [Stephan Buchanan](#)
- [Innovations in Endodontic Obturation](#) by Gary Glassman
- [Advanced Nickel Titanium Rotary Instrumentation Leading to Effective Root Canal Disinfection](#) by Garry Bey
- [Endodontic Breakthroughs: NiTi Shaping Protocol Ensuring Endodontic Predictability](#) by Dr. Gary Glassman
- [Endodontics Access and Glidepath](#)
- [Trending in Endodontics: #Irrigation](#) by Dr Brett Gilbert

KAVO/KERR - RESTORATIVE

- [Easily Achievable Life-Like Composite Restorations](#) by Dr. Simona Cuevas
- [Cementation Decisions Made Easy](#) by Gregory Gillespie
- [Indirect Restoration Workflow](#) by Gregory Gillespie
- [The Five Pillars of Bonding Success](#)
- [The Truth About Bulk Fills: When, How, and Why](#)
- [The Bonded Functional Esthetic Prototype and Porcelain Veneers - How Do They Complement Each Other](#)

KAVO/KERR - RADIOLOGY

- [CBCT Imaging Principles: Live Software Applications](#) by Douglas Chenin, DDS
- [Foundations of CBCT Imaging for Implant Planning and Surgical Guide](#) by Douglas Chenin, DDS
- [Learn Why Orthodontists Can't Treat 40% of their Patients Properly with 2D Radiographs](#) by Robert Kaspers
- **KAVO/KERR – INFECTION CONTROL**
- [An overview of infection prevention in the dental office](#)
- [Reprocessing and Maintenance of Handpieces and Attachments: Following the Recommendations](#)

KAVO/KERR – PRACTICE MANAGEMENT

- [Marketing and Technology to Improve Your Practice](#)
- [New Technology for Proactive Patient Care](#) by Dr. Scott Coleman
- [Clinical Audit In Dentistry: From Concept to Initiation](#) by Christine Taxin

Tulsa/Dentsply – Crown and Bridge

- Overview:
 - Single-Unit Crown Procedures: Tips for Success
 - Objective: Understand the basics of Single Unit Crown Procedure and the purpose of having a systemized approach
 - <https://cdeworld.com/webinars/20660-single-unit-crown-procedures-tips-for-success>
 - Keys to Successful Single Unit Crown Appointments
 - Objective: Learn to consistently have Efficient, Effective, and Predictable Single Unit Crown Appointments
 - https://cdeworld.com/webinars/20576-Keys_to_Successful_Single-Unit_Crown_Appointments
- Impression:
 - Make a great Impression Every Time
 - Objective: Learn tips and trips to taking impressions
 - <https://cdeworld.com/webinars/20877-make-a-great-impression-every-time>
 - Impression Materials and Techniques To Achieve a Better Fitting Restoration
 - Objective: Understand techniques to make impressions predictable
 - http://vivallearning.com/member/classroom.asp?x_classID=2612
 - Mastering Successful Impressing – Make the Materials Work for you

- Objective: This program will discuss how to overcome the obstacles of producing the ideal impression by selecting the appropriate materials for the clinical case and optimizing the impression site.
 - <https://cdeworld.com/webinars/20754-mastering-successful-impressioning-make-the-materials-work-for-you>
- Temporization: Winning at Visit One: How Dental Assistant Know-how can influence Crown and Bridge Efficiency
 - Objective: Lean how new materials and techniques in creating the temporary crown
 - <https://cdeworld.com/webinars/20713-winning-at-visit-one-how-dental-assistant-know-how-can-influence-crown-bridge-efficiency>
- Cement:
 - Navigating Adhesive Cementation of All-Ceramic Materials
 - Objective: Learn about different cement characteristics and how they apply to ceramic crowns
 - <https://cdeworld.com/webinars/20796-navigating-adhesive-cementation-of-all-ceramic-materials>
 - Permanent Cementation: A Key Component to Restoration Longevity
 - Objective: Incorporate clinical tips and techniques to create a consistent and efficient clean-up routine
 - http://vivalearning.com/member/classroom.asp?x_classID=2594
